

### **3 days that shook the world**

The question: Where did Jesus go between his burial and resurrection?

1 Peter 3:18-20

This descent into the lower parts of the earth is supported by Eph 4:8-10

There is evidence to suggest that before his resurrection Jesus descended into Hades but to fully comprehend this controversy we need to understand one very important fact.

What happened to those in faith that died before the cross and the atonement of Christ?

Jewish thought holds that they went to 'paradise' or Abraham's Bosom.

Luke 16:19-31

*Another verse that testifies of Christ descending is;*

**Math 12:38-40**

**Matthew 27:51-54 (King James Version)**

1. Jesus did not go to hell to suffer for us
2. Jesus did not go to hell to carry our sins there
3. Jesus did not descend to give the unrighteous a second chance

He descended into hell to take authority over both the grave and hell

Rev 1:18
